Product Information Request (PIR)

NeuroScience (888) 342-7272

Product Information Request ID #38357788

Healthcare Provider: NeuroScience, 830 235th St, Dresser, Wisconsin 54009

Requested for: Clinic, Female, Age: 22

Pathways	GABA Glutamate Serotonin Taurine	Dopamine Epinephrine Histamine Norepinephrine Cortisol	Dopamine Epinephrine Norepinephrine
Serving Size	●●●●○	●●●●○	●●●●○
Suggested Use***	Take 1-3 capsules one to two times daily or as directed by your healthcare provider	Take 1-3 capsules one to two times daily or as directed by your healthcare provider	Take 1-2 capsules one to two times daily or as directed by your healthcare provider
Additional Information	Contains a blend of ingredients shown to improve mood and reduce stress*. Product Alternative: SeroTrex chewable tablets	Contains non-glandular ingredients important for adrenal health and reducing stress-induced fatigue*. Product Alternative: TyroCelle or Calm PIR	Contains ingredients important for the synthesis of dopamine, a catecholamine important for positive affect, mood, cognition, and craving control*
Key Ingredients	TravaCor Taurine Neuroprotective amino acid that provides antioxidant protection and downregulates GABA-A agonist activity.*** GABA is the primary inhibitory neurotransmitter in the brain important for calm and sleep. L-theanine Action and that acts as a glutamate receptor antagonist.*** Glutamatergic signaling contributes to mechanisms related to consciousness and stress.*** In a randomized, double-blind, placebo-controlled study, L-theanine was shown to significantly reduce stress.***	AdreCor L-methionine Precursor to S-adenosyl-L-methionine (SAMe). SAMe is directly involved in methylation processes including catecholamine synthesis. L-tyrosine Precursor to catecholamines including dopamine, norepinephrine, and epinephrine. Rhodiola rosea root extract (5% rosinol) Ingredient that has been shown to reduce stress-induced effects.*** In a randomized, double-blind, placebo-controlled study, the Rhodiola rosea root extract was shown to reduce stress.***	Balance D N-acetyl-L-cysteine Precursor to L-cysteine. L-cysteine is required for the synthesis of glutathione, an endogenous antioxidant. N-acetyl-L-tyrosine L-tyrosine is a precursor to catecholamines including dopamine, norepinephrine, and epinephrine. Mucuna pruriens seed extract (20% L-DOPA) Natural source of L-DOPA. L-DOPA crosses the blood-brain barrier and is the direct precursor to dopamine.***
